### SUMMARY

I am a Full Stack Web Developer with strong experience in building scalable, real-time applications using modern technologies across the stack. Adept at optimizing frontend performance, architecting backend systems, and collaborating within agile teams. Highly motivated, fast learner with excellent communication skills and a passion for robust, maintainable code.

### TECHNICAL SKILLS

**Frontend:** React, TypeScript, Next.js, Redux, Zustand, Tailwind, styled-components, Sass

**Backend:** Node.js, Express.js, Django, GraphQL, Apollo, Sequelize, Prisma

**Databases:** PostgreSQL, MongoDB, Firebase, Redis

**Tools and platforms:** Linux, Docker, Git, Figma, Jira

### PROFESSIONAL EXPERIENCE

#### Full Stack Software Developer | 2023 - 2024

IKATECH SOLUTIONS

- Participated in developing SaaS products using microservices and microfrontends.
- Built and designed frontend apps with React and Redux.
- Built and maintained scalable APIs with Django and GraphQL.
- Managed PostgreSQL and MongoDB databases, including direct admin with SQL.

#### Frontend Software Developer | 2021 - 2023

Remotebase

- Developed and optimized a Web3-based social media platform.
- Remodelled the frontend architecture to reduce render times and improve audio/video streaming.
- Migrated legacy class components to modern functional components with React Hooks.
- Wrote automated tests using Jest and React Testing Library.

#### Freelance Developer | 2022 - 2023

- Built a React Native mobile app for a barber shop ("Rey de Barba") with a MongoDB backend.

### PROJECTS

#### Messenger app

- Real-time chat app with group chat support built using GraphQL Pub/Sub, Prisma, and Docker.
- Optimized Apollo Client caching for better performance.

#### Trello Clone

- Kanban board app built with MongoDB and React.
- Implemented Optimistic UI, useMemo, and useCallback for performance improvements.

### LANGUAGES

- English: C2
- Spanish: Native

### SOFT SKILLS

- Strong team collaboration and communication.
- Context-aware decision-making and critical thinking.
- High adaptability and eagerness to learn.
- Proactive problem-solving and foresight of implementation challenges.
